Number: 0648. Policy. Aetna considers autism spectrum disorder (ASD) evaluation and diagnosis medically necessary when developmental delays or persistent deficits in social communication and social interaction across multiple contexts have been identified and when the evaluation is performed by the appropriate certified/licensed health care professional.

Autism Spectrum Disorders - Medical Clinical Policy ...

Utilitarianism is a family of consequentialist ethical theories that promotes actions that maximize happiness and well-being for the majority of a population. Although different varieties of utilitarianism admit different characterizations, the basic idea behind all of them is to in some sense maximize utility, which is often defined in terms of well-being or related concepts.
