Introducing the topic. In this unit, the learners will find out about what all living things have in common. The emphasis must not be on memorising facts or definitions but on activities that use process skills such as: observing differences, sorting and classifying, describing and drawing. As a teacher, you need to build the language needed for talking about concepts.

In linguistics, a copula (plural: copulas or copulae; abbreviated cop) is a term for a word that links the subject of a sentence to a subject complement, such as the word is in the sentence "The sky is blue." The word copula derives from the Latin noun for a "link" or "tie" that connects two different things.. A copula is often a verb or a verb-like word, though this is not universally the case.

Learning French: A Rendezvous with French-Speaking Cultures

The First Scholars Such are the settings in which the first Indologists first appeared. Sir William Jones, the first British to master Sanskrit and study the Vedas, drew fire from the eminent British historian James Mill, author of History of India, for his "hypothesis of a high state of civilization". Typically, Mill believed that the: "The people of India were never advanced and that they ...
