About Marvin Test Solutions. Marvin Test Solutions, a vertically-integrated aerospace test and measurement company, has created and delivered innovative, reliable test systems for factory, depot, intermediate, and flightline use since 1988.

Marvin Test Solutions, Inc.

In computer programming, unit testing is a software testing method by which individual units of source code, sets of one or more computer program modules together with associated control data, usage procedures, and operating procedures, are tested to determine whether they are fit for use.

Unit testing - Wikipedia

Secondary injection test and primary injection test, the two sides of the coin. The secondary injection test may involve the testing of individual components, such as the important relay testing, but it is also essential to test the entire protection circuit, from beginning to end, which is preferably performed with primary injection testing, which also tests the CT/VT ratios, polarity and ...
