The decisive Battle of Kunersdorf occurred on 12 August 1759 near Kunersdorf (Kunowice), immediately east of Frankfurt an der Oder (the second largest city in Prussia). Part of the Third Silesian War and the wider Seven Years' War, the battle involved over 100,000 men. An Allied army commanded by Pyotr Saltykov and Ernst Gideon von Laudon that included 41,000 Russians and 18,500 Austrians ...

Facebook and Users The booming generation of Facebook has caused users to become self absorbed, narcissistic, and has enabled users to disconnect from the outside world and loose touch with reality. Facebook has weakened communities and detached users from the real world. many people think they have two hundred friends when they really only have two.

Facebook Dilemma Essay - 2319 Words

The increased usage of computer based decision support systems is perceived as transferring decision authority to software programs. This has led to the notion that decision making power has been somewhat transferred from human decision makers and over centralized on the machine in the decision loop. The question is, has this enhanced the effectiveness of the decision support system in ...
