The STROBE Statement is a checklist of 22 items that we consider essential for good reporting of observational studies (). These items relate to the article's title and abstract (item 1), the introduction (items 2 and 3), methods (items 4-12), results (items 13-17) and discussion sections (items 18-21), and other information (item 22 on funding). 18 items are common to all three designs ...

The Strengthening the Reporting of Observational Studies ...

Reporting of observational research is often not detailed and clear enough to assess the strengths and weaknesses of the investigation. To improve the reporting of observational research, we developed a checklist of items that should be addressed: the Strengthening the Reporting of Observational Studies in Epidemiology (STROBE) Statement (). ...
