1. Introduction. In 2006, senior members of the Academy of Management voiced concerns about whether research on management is interesting, and whether the proportion of interesting research is falling (Bartunek, Rynes, & Ireland, 2006). They considered "interesting research" research that develops theory, is innovative, and less formulaic (p. 9).

Sociological theory vs. social theory. Kenneth Allan proposed the distinction between sociological theory and social theory. In Allan's usage, sociological theory consists of abstract and testable propositions about society. It often heavily relies on the scientific method, which aims for objectivity, and attempts to avoid passing value judgments. In contrast, social theory, according to Allan ...

Sociological theory - Wikipedia

Research is when you look for a specific answer but discovery is when you just get an answer without any research or clues. That's the difference between research and discovery.

Difference between formal research and informal research

Multimethodology or multimethod research includes the use of more than one method of data collection or research in a research study or set of related studies. Mixed methods research is more specific in that it includes the mixing of qualitative and quantitative data, methods, methodologies, and/or paradigms in a research study or set of related studies.
