The terms lockout and hazardous energy control are sometimes used interchangeably, but they are NOT the same thing. Hazardous energy control is a broad term describing the use of procedures, techniques, designs and methods to protect personnel from injury due to the inadvertent release of hazardous energy.

Does the name CARE stand for anything as an acronym? CARE was founded in the United States in 1945 when it sent food parcels to Europe. The name stood for 'Cooperative for American Remittances to Europe'. As CARE's activities broadened, this was changed to the 'Cooperative for Assistance and Relief Everywhere'. Today the name is used in its own right rather than as an
