The Geometry Teaching Textbook combines teacher and textbook into one. The product's most unique feature is probably its step-by-step multimedia solutions manual, which acts as a valuable safety net whenever a child is stumped on any of the text's almost 3,000 homework problems. However, in addition to the step-by-step multimedia solutions manual, parents may purchase another set of CDs that ...

The Geometry 3.0 works a little differently than the 2.0. The academic content is the same as always and includes over 100 hours of multimedia instruction! However, each course is now delivered online as a 12-month subscription (per student). This obviously means no more discs (and, importantly, no more need for expensive disc replacements).

Geometry - Teaching Textbooks
