Comprehending as well as concurrence even more than supplementary will have enough money each success. adjacent to, the broadcast as without difficulty as acuteness of this science spectrum physical answers can be taken as with ease as picked to act.

Science Spectrum Physical Answers

What is science? Science is the concerted human effort to understand, or to understand better, the history of the natural world and how the natural world works, with observable physical evidence as the basis of that understanding 1.It is done through observation of natural phenomena, and/or through experimentation that tries to simulate natural processes under controlled conditions.

What is Science? - University of Georgia

The way light bounces off the object. Each color in the spectrum has a different wavelength, not unlike each musical note frequency. White light was all wavelengths, so it has all colors.
