Students must complete the following management "tool" courses on an A-F grading basis before entering the program and earn a GPA of at least 2.50 in these courses. or STAT 3011 - Introduction to Statistical Analysis, MATH (4.0 cr) MATH 1142 - Short Calculus, MATH (4.0 cr) or MATH 1271 - Calculus I, MATH (4.0 cr)

**Short Calculus — College Confidential**

Is regular calculus THAT much harder than short calculus? I understand that short calculus is intended for students that don't plan on taking higher level math, and I'm an Econ major so that's all I need, but I accidentally signed up for regular calculus. Should I just stick with it and risk the possible suffering of my GPA?

Short Answers to Exercises 1 A Short Course in Intermediate Microeconomics with Calculus Solutions to Exercises - Short Answers1 c 2013 Roberto Serrano and Allan M. Feldman

**A Short Course in Intermediate Microeconomics with Calculus**

Best Answer: The business/survey version is easier. This is probably what the school is calling short calculus. It has no trigonometry in it. If there is a question about which is which, look at the course descriptions. The business version is the one that math and science majors would not get credit for.
