The ELK Stack is popular because it fulfills a need in the log analytics space. Splunk's enterprise software has long been the market leader, but its numerous functionalities are increasingly not worth the expensive price — especially for smaller companies such as SaaS businesses and tech startups.

A teleprinter (teletypewriter, Teletype or TTY) is an electromechanical device that can be used to send and receive typed messages through various communications channels, in both point-to-point and point-to-multipoint configurations. Initially they were used in telegraphy, which developed in the late 1830s and 1840s as the first use of electrical engineering.
