round seeds? (Express your answer as a ratio.) Directions: Answer the following questions on the lines provided. 8. What is genetics? 9. What role do genes play? 10. What 3 principles of heredity did Mendel discover? 1 Reinforcement Genetics Rr r R

### **Name Date Class 1 Reinforcement Genetics**

Recent empirical studies suggest that genes involved in speciation are often sex-linked. We derive a general analytic model of reinforcement to study the effects of sex linkage on reinforcement under three forms of selection against hybrids: one-locus, two-locus, and ecological incompatibilities. We show that the pattern of sex linkage can have a large effect on the amount of reinforcement due ...
