### **ProQuest | Databases, EBooks and Technology for Research**

The term "crowdsourcing" was first used by Jeff Howe in a 2006 Time magazine article, to describe the phenomenon of online content created by amateurs. Why use the crowd rather than experts, and why should people volunteer their time to provide content to a website when it is so much easier just to browse what is there?

### **Research methods and methodology - Emerald Group Publishing**

The people who contribute to the curriculum development should ideally have teaching experience. It is also important that they be experts in the subject area.

### **Why should teachers be involved in curriculum development?**

Before beginning your paper, you need to decide how you plan to design the study.. The research design refers to the overall strategy that you choose to integrate the different components of the study in a coherent and logical way, thereby, ensuring you will effectively address the research problem; it constitutes the blueprint for the collection, measurement, and analysis of data.
