Self-Awareness (Questions 1, 8, 11) Your score is 0 out of 0 In his 1995 book "Emotional Intelligence: Why it can Matter More Than IQ," Goleman explained that people with high self-awareness are "aware of their moods as they are having them." To increase self-awareness, learn about mindfulness. This involves focusing on the present moment – including how you're feeling.

As the environment around you changes, you can either attribute success and failure to things you have control over, or to forces outside your influence. Which orientation you choose has a bearing on your long-term success. This orientation is known as your "locus of control." Its study dates back ...

Locus of Control - Career Development from MindTools.com

The source of the changing magnetic fields in MRI may either be the imaging gradients or radiofrequency (RF) coils. The conductive material in which eddy currents are induced may be any metallic component of the MR scanner (other coils, shields, tubes, and housing), wires or devices within or on the patient, and the patient as a whole (in the final analysis, people are just big bags of saline!)
