The question-answer relationship (QAR) strategy helps students understand the different types of questions. By learning that the answers to some questions are "Right There" in the text, that some answers require a reader to "Think and Search," and that some answers can only be answered "On My Own," students recognize that they must first consider the question before developing

Remember that employers hire workers to solve a problem, whether it's boosting sales or streamlining processes or building a brand. Your goal when making your pitch is to show that you're the best person to solve that problem. Interviewers ask questions about why you should be hired to measure how you qualify for the job and fit in with the company.
