PDF. 010. POLICY. Policy consists of principles and values which guide the performance of a Department activity. Policy is not a statement of what must be done in a particular situation; rather, it is a statement of guiding principles which should be followed in activities which are directed toward the attainment of Department objectives.

Lean manufacturing or lean production, often simply "lean", is a systematic method for the minimization of waste (無駄 muda) within a manufacturing system without sacrificing productivity, which can cause problems. Lean also takes into account waste created through overburden (過負荷 muri) and waste created through unevenness in work loads (不均 mura).
