Objection 1. It seems that, besides philosophical science, we have no need of any further knowledge.For man should not seek to know what is above reason: "Seek not the things that are too high for thee" (Sirach 3:22).But whatever is not above reason is fully treated of in philosophical science.Therefore any other knowledge besides philosophical science is superfluous.

Environmental Ethics. The field of environmental ethics concerns human beings' ethical relationship with the natural environment. While numerous philosophers have written on this topic throughout history, environmental ethics only developed into a specific philosophical discipline in the 1970s. This emergence was no doubt due to the increasing awareness in the 1960s of the effects that ...
