and text format. This software also reads and displays vehicle diagnostic trouble codes as well as vehicle features and parameters.

Diamond Logic Builder (DLB) | Navistar Service Software
Accelerate the code conversion process. VBUC reduces the amount of manual coding and generates a native .NET application that is visually and functionally equivalent to the original VB6 system.. Using semantic (not syntatic) analysis, VBUC understands coding patterns and converts them into equivalent patterns in C# or VB.NET. VB forms are converted to Winforms designer files, so you can use ...

Introduction What is Prescriptive Analytics? "Prescriptive analytics is the application of logic and mathematics to data to specify a preferred course of action.While all types of analytics ultimately support better decision making, prescriptive analytics outputs a decision rather than a report, statistic, probability or estimate of future outcomes."
